Recommended reading

- A Schmidt, *The Concept of Nature in Marx* • F Engels, *Dialectics of Nature* • J Gribbin, *In Search of*

Preparing for Power is a week of discussion on the state of the world and how to change it. It is for everybody who wants to understand the Marxist view on everything from war and revolution to science and art. This year's Preparing for Power offers

- a weekend focusing on the collapse of the Stalinist bloc—and on the start of a new cycle in history
- sixteen specialist courses on Marxist theory—ranging from Contemporary capitalism and Marxism and science to The roots of racism and New international relations
- more than 100 workshops and debates
- guest speakers from Britain and abroad
- swimming pool, sports facilities, bar and music
- creche and accommodation
- bands, discos and films
- cheap transport from all over Britain

Workshops

Throughout the week Preparing for Power will feature a wide variety of late afternoon and early evening workshops. There will also be debates, as well as films and entertainment for people who want a break from politics, during the early evenings.

Current issues: Speculation and the stock market • The left and perestroika • Can the market take off in the Soviet Union? • What is history? • Race, religion and culture • What's so special about Islam? • The new anti-Semitism • Eco hot-spots • Charity and poverty • Rogues and robbers: the idea of the criminal class • Removing the brakes on technology • The information society

British politics: Middle class protest under Thatcher • The Tory factions • Conservatives and the family • The changing role of the modern monarch • Bent coppers • Scab unions • Welsh nationalism • Alcohol, drugs and morality • Women and the demographic timebomb

Art, sport and culture: Post-modernism and the end of rationality • Realism in British cinema • War photography • The music theatre of Weill and Brecht • Glasgow—City of Culture? • Architecture: the Prince Charles debate • Why is British food so bad? • What happened to good music? • Is boxing all bad? • Cricket and the decline of the British Empire

Science and technology: The quest for beauty in science • Proletarian science • In defence of Darwin • Genetic engineering • Physics and metaphysics • Consciousness, man and thinking machines • Why capitalism can't cure the common cold • Inventions for the 1990s

Britain and Ireland: Class war in Ireland • British counter-insurgency strategy in Ireland • Ian Paisley • Ireland—the open economy • Cinema in Ireland

International: Noriega and the decline of US imperialism • Religion and the US right • Poland and Solidarity • Social problems in the Soviet Union • The disintegration of Africa • The ANC and the 1990s • Dictators and bankers—Nigeria and the West • Israel and the Palestinians • Myths about Japan • Japanese aid to the third world • Imperialism in the South Pacific • Cambodia—a second Lebanon?

Women, sex and gay oppression: The ABC of motherhood • Women's labour and childcare in the 1990s • Childhood • Origin of the family • Homosexuality • Private lives • Mr and Mrs • Slimming magazines • Prohibition and the family in the USA
